Bike Education

On Wednesday 17 and 24 November, all students will be taking part in two half days of Bike Education with Toireasa Gallagher from Cycling Australia. Toireasa has run this program in the past and the children have thoroughly enjoyed it. Children will need their bikes (in working order) and their helmets on these days.

Bikes may be dropped off at the school any day prior to next Wednesday and we will secure them in a locked shed. **Bikes cannot travel on Terry's bus.**

If your child does not have a suitable bike, please let the school know ASAP and we will try our best to organise something. If you have any spare bikes at home – please let us know.

School Swimming

Our swimming program is now only two weeks away so please check your child has swimmers that fit and a swimming shirt. (Those with long hair will require a swimming cap.)

Please pack all your child's swimming gear in the plastic swimming bag the school has provided.

We will be travelling to the pool each day on Terry's bus, leaving school at 11:10 am and returning in time for the afternoon bus. Mudgee Rd children will be dropped off on our way back.

If you wish to pick your child up from the pool when we finish at 2:15, please let us know each day.

The swimming permission note is attached to this newsletter.

In Science this week the primary students observed rust in the playground and investigated the cause of rust on metal and steel.

They set up experiments which they will monitor over the next few weeks to find ways to prevent rust forming.
